Course Support

We offer 24/7 course support for our Full-Time and Distance Learning students.

While we endeavour to respond as quickly as possible, please remember that we are sometimes in the classroom or simply unavailable for a short time. To receive the best answer to your question, we recommend you leave a detailed email or phone message which includes your name, contact details, subject you are studying and the query you have.

Example – If you are doing a Practice CyberExam, leave the question reference number, or if you are doing a Revision Test leave the page number and question number.

If you leave full details, it means we can have all the information we need to answer your question when we contact you with a response.

If you have a question or comment regarding course content, please complete the form below.

We will be pleased to provide an answer to your questions within 24 hours.
