

# CASA PEX0 Exam System

## CASA PEX0 Exam System

There is a considerable amount of information regarding the CASA PEX0 Exam system available on the [CASA Website](#).

For a general overview of the CASA Exam System and general licencing information go to the [CASA Exams](#) page.

### When and How to Apply for a CASA PEX0 Exam

**IMPORTANT NOTE: CASA and ASPEQ PEX0 Exam fees are NOT included in our course fees for Full Time Ground School or Distance Learning Courses.**

If you are attending our Full Time Ground School Course, we have pre-booked CASA PEX0 Exam sessions for our students at the end of each subject at the Mudjimba ASPEQ Exam venue. You can find these dates listed on our [ATPL](#) or [CPL](#) Course Schedule page. If requested, we can book your exam in one of these sessions for you on your first day in class and charge the exams fees to your account. Our pre booked sessions mean you do not need to book your own CASA PEX0 Exams for subjects you do in class with us if you decide to sit the exam while you are here with us.

You must book your own CASA PEX0 Exams at your preferred Exam Centre for any Distance Learning subjects you study.

All CASA Flight Crew Examinations are booked through [ASPEQ](#).

Before booking any CASA PEX0 Exam, candidates need to be sure of their eligibility and timing before making a booking. You must ensure you fully have the required pre-requisite requirements before you book an exam.

ASPEQ have a strict policy on refunds and transfers to other

sitting dates. When booking exams, candidates should be aware of CASA's Retraining Periods.

Once you have booked an exam, you will receive a booking confirmation from ASPEQ. Please be sure to read this thoroughly prior to turning up for your exam.
